Dear Mr Uilly,

Re: Notice of approval of revised underground water impact report

The chief executive received a revised underground water impact report described below.

1. Report details

Date underground water impact report received: 17 July 2019.

In relation to: PL94

2. Decision

The chief executive has approved the underground water impact report with conditions. Please find attached the conditions of approval (Attachment A). The approved report takes effect on 9 October 2019.

3. Public notice

As per section 386 of the *Water Act 2000*, within 10 business days after receiving this notice of approval, you must

- publish a notice about the approval that states that copies of the approved report may be obtained from you and how the copies may be obtained; and
- give a copy of this notice of approval to each bore owner of a water bore within the area to which the report relates.

¹ The Department of Environment and Science is the chief executive for Chapter 3 of the *Water Act 2000*.

Notice of approval of underground water impact report

Within 15 business days after receiving this notice of approval, you must advise the chief executive that you have complied with the requirements outlined above.

4. Penalties

Under section 386(1) of the *Water Act 2000*, failure to comply with this direction notice is an offence.

- A maximum penalty for an individual is 50 penalty units, totalling \$6,527.50
- A maximum penalty for a corporation is 250 penalty units, totalling \$32,637.5.

If you have any questions regarding this notice please contact Anna Simpson on the telephone number listed below.

Yours sincerely,

Signature

Attachment A- Conditions of approval

Annual Review

- (1) The **responsible entity** must submit to the **chief executive** a summary of the annual review required under section 376(e)(ii) of the *Water Act 2000*, within 20 business days after each **anniversary day**, or another date agreed to in writing by the chief executive. The annual review must provide an analysis and a statement of whether there has been a material change in the information or predictions used to determine the immediately affected area.

Monitoring

- (2) Water level monitoring for the Baralaba Coal Measures must be undertaken at intervals no longer than one month.
- (3) The **responsible entity** must report the implementation and results of the water monitoring strategy to the Office of the Groundwater Impact Assessment (OGIA) within 20 business days after each **anniversary day**, or another date agreed to in writing by the **chief executive**.
- (4) All monitoring required of the responsible entity under the **UWIR** must be undertaken by a **suitably qualified person**.
- (5) All laboratory analyses and tests of monitoring undertaken under the UWIR must be carried out by a laboratory that has **NATA** accreditation for such analyses and tests.
- (6) Notwithstanding condition (5), where there are no laboratories that have NATA accreditation for a specific analyte or substance, then duplicate samples must be sent to at least two separate laboratories for independent testing or evaluation.
- (7) The methods of groundwater sampling required by the UWIR must comply with the latest edition of the *Queensland Monitoring and Sampling Manual, AS/NZS 5667:11 1998 Water Sampling Guidelines – Part 11 Guidance on sampling groundwater*, and the Australian Government's *Groundwater Sampling and Analysis – A Field Guide (2009:27 GeoCat #6890.1)* as relevant as may change from time to time.

DEFINITIONS

Anniversary day means each anniversary of the day the first UWIR took effect – 29 August.

Chief executive means the Director-General of the department responsible for administering Chapter 3 of the *Water Act 2000* or the persons delegated the powers of the chief executive as stated in the *Water Act (EHP-Chief Executive) Delegation (No. 1) 2017* or subsequent versions.

NATA accreditation means accreditation by the National Association of Testing Authorities Australia.

Responsible entity means Westside Corporation Pty Limited in accordance with section 368 of the *Water Act 2000*.

Suitably qualified person means a person who has professional qualifications, training, skills or experience relevant to the nominated subject matter and can give authoritative assessment, advice and analysis to performance relative to the subject matter using the relevant protocols, standards, methods or literature.

UWIR means the underground water impact report prepared by CDM Smith on behalf of Westside Corporation Pty Limited for PL94 dated 17 July 2019.
