## Waste Reduction and Recycling Act 2011

### Notice of minor amendment to end of waste code

---

*This notice is issued by the chief executive under section 173A of the Waste Reduction and Recycling Act 2011 (WRR Act) to advise of a minor amendment to an end of waste code.*

#### Notice of a minor amendment to end of waste code

The chief executive has made minor amendments to the end of waste codes to reflect legislative amendments made through the *Waste Reduction and Recycling and Other Legislation Amendment Bill 2023*.

The definition of waste has now been included in section 8AA of the *Waste Reduction and Recycling Act 2011*. The end of waste codes required amending to reflect this change.

This change is not a change of substance and does not adversely affect the interests of a registered resource producer or a person who is likely to receive a resource from the registered resource producer.

The end of waste codes that have been amended are:
