

**Notes for use of environmental values (EVs) for waters shown on this map:**  
 1. The EVs shown in particular subcatchments on the map are specific to developed areas in each subcatchment. Refer to Section 2 of the scheduling document for EVs in undeveloped areas.  
 2. EVs for natural estuarine reaches are common across the basins and are shown below.

**Tully, Murray and Hinchinbrook Island estuarine waters**

For information on EVs in coastal / marine waters in this region users must refer to Plan WQ1082 – Wet Tropics Coastal Waters

**WARNING** This map must not be used for marine navigation. Comprehensive and updated navigation information should be obtained from published hydrographic charts.

**Legend**

- Town
- Dam / weir
- Water quality reference (least disturbed) sites
- Coastline
- River / creek
- Local government boundary
- Environmental value (subcatchment boundary)
- Basin boundary
- Boundary of waters covered by the scheduling document

**Aquatic Ecosystem Environmental Values to identify Management Intent**

- High ecological value (HEV) waters
- Slightly disturbed (SD) waters

**Water Types**

**Fresh waters**

- Lowland fresh waters
- Upland fresh waters
- Lakes / reservoirs
- Wetlands (palustrine)

**Marine / estuarine waters**

- Open coastal waters
- Enclosed coastal waters / lower estuary
- Middle estuary
- Total canals / constructed estuaries / marinas / boat harbours

**Excluded waters**

- Water type exclusion

**Key to Environmental Values**

- Aquatic Ecosystems
- Irrigation
- Farm Supply
- Stock Water
- Aquaculture
- Human Contaminant
- Visual Recreation
- Drinking Water
- Industrial Use
- Cultural & Spiritual Values
- Primary Recreation

**Notes:**

- Waters in the scheduled area that are not shown as high ecological value, slightly disturbed or highly disturbed waters have an aquatic ecosystem environmental value of moderately disturbed.
- Areas outside of the waters covered by the scheduling document have a transparent mask applied over them and appear lighter in colour. Please refer to the relevant plan for information on adjacent areas.
- Wetlands shown on this map are sourced from the Queensland Wetland Data Version 3.0 developed by the Queensland Wetlands Program. Refer to the WetlandInfo website ([www.ewp.qld.gov.au](http://www.ewp.qld.gov.au)) for the most current information on Queensland wetlands.
